

THE CREATOR NETWORK · AFFILIATE HANDBOOK

You're in. Here's how this works.

The whole program in one file. How you earn, how you climb, what to post, the few rules that protect us both, and where to get help. Read it once, keep it on your desktop, come back to it.

WELCOME

Clarity is the luxury. Glad you are here.

You are part of the Supermind Creator Network. Joining is free, always, and there is no approval queue.

The deal is simple. You introduce Supermind to your own audience, you earn a percentage of every sale you create, and that percentage climbs as you sell. We give you the assets, the training, the scoreboard and a room full of people doing the same thing.

The rule in one line. You move up on sales. Followers and time in the program have nothing to do with it. Somebody with 4,000 followers who posts every week usually outsells somebody with 200,000 who posts twice a year, and we would rather pay the first person.

PART 01

What Supermind is

Supermind is functional mushroom coffee: organic arabica with functional mushrooms, at doses printed on the label rather than hidden inside a proprietary blend.

The idea underneath the brand is that composed intelligence is the highest form of status. Supermind builds capacity for the hours when clarity becomes action.

Product facts live at **asupermind.com**: the Science page, the full ingredient list and current prices. Use the site every time. Never work from memory and never invent a product fact.

PRODUCT	WHAT IT IS	ITS LANE
Mental Clarity	The core coffee. Lion's Mane and Cordyceps	Morning
Performance	The core coffee plus Creatine	Morning
Forever Young	Adds Chaga, Turkey Tail and Collagen	Morning
Lion's Mane Chocolate	The afternoon ritual	Afternoon
Premium tea and cacao	The wind-down	Evening
Ritual Pack	The full system in one box	All day

What is in the coffee. Lion's Mane at 1,000 milligrams of fruiting body per serving. Cordyceps. L-Theanine, which is why the lift arrives without the jitter. Organic arabica, which is why it tastes like coffee.

The doses are on the bag. That is the single most useful fact you own as an affiliate, because most of this category will not show you theirs.

PART 02

How you get paid

YOUR CODE AND YOUR LINK

Your code is typed at checkout. It gives your customer 10% off and tags the sale to you. You choose it yourself, and it is permanent, because changing it would break every post you have already published.

Your link tracks the sale even when nothing is typed, for 30 days from the click. Share both. Some people type, some people tap.

THREE THINGS THAT CONFUSE EVERYBODY

- 1. One discount per order.** If a customer stacks a different code, yours does not attach. Tell your audience to use yours; they get the same 10% and you get paid.
- 2. A sale lands in exactly one system.** A TikTok Shop sale is never also a website sale. If something looks missing, check the other platform first.
- 3. TikTok pays you directly.** TikTok Shop commission is paid by TikTok on TikTok's own schedule, shown in your TikTok creator dashboard. Website commission is paid by us, monthly.

QUESTION	ANSWER
How often am I paid for website sales?	Monthly, covering the previous calendar month. The exact date and minimum are confirmed in your welcome email
Refunds	If an order is returned, the commission on it reverses. It is the only case where earned commission comes off
Subscriptions	You earn on the first order. Ongoing subscription commission is a separate arrangement at Partner and above
My own orders	Yes, you earn on them
Tax	We cannot give tax advice. US affiliates may be asked for a W-9 once payouts begin

PART 03

The tier ladder

TIER	WEBSITE	TIKTOK SHOP	HOW YOU GET THERE
Member	10%	15%	Automatic when you join
Creator	15%	20%	\$400 in sales in any 30 days
Partner	20%	25%	\$1,000 in sales in any 30 days

TIER	WEBSITE	TIKTOK SHOP	HOW YOU GET THERE
Flagship	20%	25–30% in campaign windows	By invitation

The 30 days is a **rolling window**: the 12th of one month to the 11th of the next counts. We check every week, so you never have to ask for a promotion you have earned. Your code stays the same and the rate behind it rises.

Creator opens the Creator folder in The Vault: advanced formats, the highest-performing content and early access to new drops.

Partner adds co-produced content, an event collab pack when you host something, a feature in the newsletter, and the Supermind membership card with your name and code on the back. Cards ship as soon as print production opens.

Flagship is by invitation, for people already performing at Partner level who carry the brand well in public. 19Keys signs off on every one.

PART 04

Your first week

1. **Join Whop** at whop.com/supermind. The course, The Vault, the leaderboard and the monthly challenge live there.
2. **Join the Supermind group on Ziion**: <https://ziion.io/events/a5687f71-e402-4eaf-90f4-df3e5e24608a>. Create your free account at that link and join the group. Events, resources and the Thursday call live there.
3. **Finish Start Here**. Eight short modules. One lunch break.
4. **Request your code** in Start Here, Module 02.
5. **Open The Vault** and take what you need. Everything inside it is pre-approved for you.
6. **Post once**. Tag @supermindlab. Put #ad in the caption and your code in the last line.
7. **Say hello** in Introductions.

Step six is the one that matters. Post before you have the perfect idea.

PART 05

What to post

Feed and Reels, every time. Stories disappear in 24 hours and reach a fraction of your audience for the same effort. Moving from Stories to Reels is the cheapest upgrade available to most affiliates.

Once a week, consistently. Steady beats five posts in one week and silence after.

FORMAT	WHAT IT LOOKS LIKE
The morning routine	The coffee inside a real morning. The best structural fit there is for this product
The label read	Doses on screen, read out loud, fifteen seconds. An argument almost nobody in this category can make
The deep work block	Cup, timer, and what actually got finished. The output is the proof
The taste test	Ours against another brand, honestly, whichever way it goes

Make it a collab post. Add @supermindlab as a collaborator and the post publishes to your page and ours at once, in front of both audiences. It costs you nothing.

Set up ManyChat. When somebody comments a keyword, ManyChat replies and sends your link by DM. The affiliates earning the most are capturing more of the people who already engaged. It is free to start; ask in Help and we will share the exact setup we use.

PART 06

The rules

Short, because they matter. The one-page card is SM-CN-03.

Disclosure. Put **#ad** or **#affiliate** on every post, in the caption and visible in the video, or say plainly that you earn a commission. This is United States law and it protects you personally. A disclosure buried in a wall of hashtags or left in a comment does not count.

AI. Use it freely. Put **#ai** in the caption when a visual is AI-generated. That is the whole requirement.

Claims. Describe your own experience: how the morning felt, your focus during a work block, the taste, the energy compared with regular coffee. Never say the product cures, treats, prevents or heals a condition. Never mention medication. Never say "clinically proven" without the study attached.

INSTEAD OF	WRITE
Cures brain fog	Cuts through the fog for me
Treats ADHD	On days my focus is everywhere, this is what I reach for
Heals your gut	Sits easier on my stomach than regular coffee
Prevents burnout	My mornings stopped feeling like a scramble
Boosts immunity	Part of how I take care of myself

INSTEAD OF	WRITE
Replaces your medication	Never, in any form

Health questions from your audience. If somebody asks about a condition, a medication, a pregnancy or an allergy, point them to the ingredient list on asupermind.com and to their doctor or pharmacist. Neither of us is qualified to answer that.

Paid ads using your code need written permission first. Ask in Help.

Events and wholesale are welcome conversations. Ask in Help and we will connect you. We promote affiliate events inside Ziion, and when it fits we send a collab pack so the whole room experiences the product.

What gets somebody removed: repeated posting without disclosure after being asked, medical claims, misrepresenting the brand, or abusive conduct toward staff or other affiliates. Nobody is removed without a conversation first.

PART 07

The platforms

WHERE	WHAT IT DOES
whop.com/supermind	The school and the scoreboard: course, Vault, leaderboard, challenge, Help
SUPERMIND World Bible	The brand's governing document. Download it from the Creator Network site
Ziion	The community: events, resources, and the Thursday call. Join at the link in SM-CN-02
@supermindlab	Instagram, TikTok and X. Tag us on everything
asupermind.com	The store, the Science page and the ingredient list
TikTok Shop	In-app sales. Setup steps are in SM-CN-02

Step-by-step setup for every platform is in **SM-CN-02 Platform Setup Guide**.

PART 08

The rhythm

Affiliate Connect runs every Thursday, alternating **11:00 AM PT** and **4:00 PM PT** so different schedules get a turn. Thirty minutes, hosted in Ziion, recorded every time and posted in Whop. The shape: wins and the leaderboard, one product story, the format that is converting, open floor.

The monthly challenge is a hashtag, a deadline and a prize, announced in Whop on the first of each month.

Getting help. Post in Help first. Straight questions are answered within one business day. Anything needing a decision gets a holding reply straight away and a real answer by Thursday.

PART 09

The one-page version

Post once a week. Feed and Reels. Tag @supermindlab and make it a collab post. Put #ad in the caption and #ai on generated visuals. Describe your experience and never a medical result. Put your code in the last line. Come to Thursday when you can. Ask in Help when you are unsure.

Everything else in this handbook is detail on those eight sentences.

TERM	MEANING
Attribution window	How long after a click a purchase still counts. Ours is 30 days
Collab post	One post published to two profiles at once
Fruiting body	The part of the mushroom holding the active compounds
Rolling 30 days	Any 30-day stretch, rather than a calendar month
The Vault	The pre-approved asset library inside Whop
